

Customer Service Profile: Michaela Sauer

Customer Service

Personal Background

Developing and realizing new projects determinedly and experiencing the impact they have on my surroundings has always been one of my biggest motivations. The people I have worked with have become important companions of mine, and they are key factors for our shared success.

Nature is my source of power and treating it compassionately and sustainably therefore is crucial to me. Travelling has broadened my horizon immensely, and nothing has educated me more than seeing foreign cultures, different countries and new places.

My motto: Being open-minded for new experiences, developing empathy and creatively creating new paths to walk along.
